Tournament Specifics

Format

“Nine-Hole Match Around” will be played each day. 80% of individual handicap is used with 36 being the maximum handicap for all three days of competition. All play is from the White Tees (Exception #1: Cedar Hammock Members who are eligible to compete from the Gold or Hybrid Tees may play from those tees. Exception #2: Guests who carry a USGA handicap of 24 or higher from the white tees, or are 70 years old after the February 1st, 2019 handicap revision may play from the Gold Tees. Guests who are at least 60 years old and carry a course handicap of at least 15 from the White Tees may play the Hybrid Tees.) Members who play in League events at Cedar Hammock will play from their chosen tees. If a Member does not play in League events, he must meet eligibility requirements to play from the Hybrid or Gold Tees. Rule 3-5, regarding players competing from different tees, will be utilized for this event. Each two-man team will play five 9-hole matches of Fourball (Better Ball of Partners) against all other teams within the same flight. Handicaps will be stroked off the low handicap player in each foursome.

Partners must have handicaps within 10 shots. If they do not, the higher handicapped player will be reduced to 10 shots of the lower player.

Points are awarded to teams as follows: One point awarded to the team winning the hole; ½ point each for a tied hole and zero points to the team losing the hole. One extra point for the team that wins the match; and ½ point to both teams for a halved match, for a total of 10 points per nine-hole match. The winning team in each flight will be the team with the highest number of points over all five matches. The Overall Champion will be decided by a Shootout between each of the Flight Winners following regulation play on Saturday, March 23rd. The format for the Shootout will be “Foursomes Stroke Play.” For the four shootout holes, partners will determine the teeing order where one player will tee off on odd numbered holes and the other player will tee off on even numbered holes. Format of play will be alternate shot. Handicaps are figured 50% of the combined course handicap between teammates. From there, the team will get shots as they fall on the card, with a maximum of 1 handicap stroke per hole. During the Shootout, the teams with the highest Net score on each hole will be eliminated in the following manner: the Shootout will begin on hole 15 where 3 teams will be eliminated. Three teams will also be eliminated on hole 16. Two teams will then be eliminated on #17, leaving the remaining two teams competing for the Overall Champions. In the event of a tie for highest Net score, a chip-off will determine which team is eliminated. If there is a tie on #18, the teams will replay the hole. If they are tied again, a chip-off will determine the Champion.

Entry Fee

Entry fee for the 2019 event has been reduced to \$595 per team. Teams wishing to schedule a practice round should call the Golf Shop for a tee time. Official Practice rounds will be available Wednesday afternoon, March 20th after the regularly scheduled MGA league event. If that day or time is not convenient for players, Members must go through Chelsea to secure a time. Members and Guests will only be charged a cart fee for practice rounds, but Chelsea points will apply.

Handicaps

All guests must have a current USGA handicap, which will be verified by the Professional Staff at CHGCC. Please make sure to include your guest's club information along with his USGA handicap index on your entry form. In the event a guest does not have a USGA handicap index the guest will play to a zero handicap. Rule 3-5 will be used for this event (Handicap adjustment for players competing from different sets of tees).
